

Compensated Adjustment Technology can cut installer labour cost in half

✘ Assume the average cabinetmaker uses 1,000 hinges a month. That's 2,000 adjustments using standard kitchen hinges.

- ✔ Salice hinges only need **1 adjustment**
- ✔ Salice hinges will **HALVE** adjustment time on site
- ✔ **Save up to \$2,200** per year in labour

Salice outperforms all other hinges on the market

	Salice Hinges	Blum Hinges	Hettich Hinges	Grass Hinges
Compensated adjustment	✓	✗	✗	✗
Soft close cup depth	12mm	13.5mm	12.8mm	12.6mm
Adjustable soft close	✓	✓	✗	✓

Trial the Salice soft-close hinge. We'll help you out!

We send you a working sample to test

We'd love your feedback after you've checked them out

If you're happy, we can help set up a trial for your team
